Information: The Toyota Sparky/Daihatsu Atrai is the latest addition to our range of conversions. The Sparky/Atrai is an identical vehicle to the UK Daihatsu Extol which can be found in any UK Daihatsu garage. This vehicle will do around 40mpg and is in the cheaper car tax bracket making it a very economical vehicle to run. These are probably one of the smallest campers available in the UK but will cruise easily at 70 to 80mph. The Sparky is fitted with a U-shaped fully fitted kitchen and elevating roof with drop down storage.
